WHEN OUR NATION WAS FOUNDED, it was common for our leaders to meet regularly for prayer and Bible study. But in modern American history, that tradition has been lost. Herein we will begin anew that vital, historic American tradition of seeking God's guidance in governance.

For the purposes of individual edification, team unification, and national symbolization, we will meet for weekly Bible study beginning this Wednesday morning, March 15, in Dr. Tom Price's conference room, located on the sixth floor of the HHS building. We invite you to join us.

Ralph Drollinger, who is skilled, accomplished, and committed to teaching the Word of God, has agreed to be our Bible study teacher. He has served faithfully in our Senate and House Members Bible studies for many years. You will find his teaching to be in-depth, challenging, relevant, and fun.

Please have your security detail contact mine to arrange for drop-off and pickup.

Light refreshments will be served.
